

PRISCILLA MA

Front-end developer leveraging fine arts background with a keen eye for design. Recently earned a certificate in full-stack development from Columbia University, with skills including Javascript, CSS, HTML, Node.js, React, SQL, NoSQL. Known for creating beautiful mobile-first and responsive web applications. My aim with each project is to create an intuitive, engaging and relaxed experience for the user. Passionate about function and beauty, with strong user empathy. My collaborative efforts, adept communication skills, and leadership abilities make me a strong addition to any development team.
